GENUINE VITRIFIED — AMERICAN MADE CHINA

In a Choice of Two Popular Rose Colored Decorations

Genuine Vitrified China is the best for hotel and restaurant use. It is more economical because of its long life. It is absolutely non-porous and will not absorb dirt, grease or moisture. It will remain white even when chipped—guaranteed not to craze.

TO OUR CUSTOMERS

This catalogue is presented to you with our hope that it will give you an idea of the lines we handle, but it is by no means to be taken as a general catalogue, as it does not begin to show even a small percentage of the vast merchandise that we stock for immediate shipment. Lack of space, time, and the unsettled market conditions prohibit us from issuing a General Catalogue at this time.

Prices shown are those in effect today, but you of course understand that owing to the unsettled market we reserve the right to bill the merchandise at the price prevailing at time of shipment. You will, however, always receive the benefit of our very LOWEST prices.

We are proud of our new building shown on the back of this catalogue and especially of our Display Room. Here can be spent many interesting moments inspecting the numerous items that are on display.

Since the organization of our Company 24 years ago, we have had an unparalleled cycle of growth which we owe to the loyalty and good will of you, our customers, and for this we extend to you our sincere pledge of a continuation of our efforts to serve you faithfully and better.

Cordially yours,

EZEKIEL & WEILMAN CO., INC.

S. J. Weilman
President.
